Nexora Technologies Pvt Ltd | Controlled Internal Document

Document ID: NEX-FAQ-001

Version: 1.0

Status: Active

Effective Date: 2026-09-01

Owner: People Operations

Category: FAQs

Q1. Where do I request leave?

Use the approved HR system. Contact your manager or People Operations if the request requires policy clarification.

Q2. What should I do if I suspect phishing?

Do not click further links or provide credentials. Report the message through the security reporting channel and follow Information Security instructions.

Q3. Can I upload company files to a personal cloud drive?

No. Confidential company information must remain in approved company systems.

Q4. Who approves role access?

The employee's manager initiates or approves the business need; IT and the relevant system owner apply the required access controls.

Q5. What if a customer asks for a policy exception?

Do not promise an exception. Record the request and escalate it to the responsible owner.

Q6. What if I send personal data to the wrong recipient?

Report it immediately to Information Security and the Privacy Office. Do not attempt to hide or delete the evidence.

Q7. Where can I find my onboarding plan?

Use the SkillSprint AI onboarding portal assigned to you.

Q8. What if an onboarding requirement seems incorrect?

Flag the requirement for reviewer or manager review rather than bypassing it.
