1. Leave Types

Nexora supports annual leave, sick leave, emergency leave, parental leave, and other leave categories approved under the employee's employment terms.

2. Request Process

Employees submit leave requests through the approved HR system. Planned leave should be requested in advance whenever reasonably possible.

3. Approval

The reporting manager reviews operational coverage and approves or rejects the request. People Operations may review requests that require policy interpretation or supporting documentation.

4. Emergency Leave

For an unexpected absence, the employee should notify the manager as soon as practical and update the HR system when able.

5. Handover

Before planned leave, employees must document urgent tasks, deadlines, customer commitments, and a backup contact where required.

6. Restrictions

Employees must not alter attendance or leave records without authorization. Questions about balances or exceptions should be directed to People Operations.
